MEET WENDY

About Wendy Morée

Old school trust, new school technology

Wendy Morée is a Dutch tech entrepreneur and sales leader with over twenty years in enterprise technology. She spent eight years at Salesforce, finishing as Regional Vice President Northern Europe for Revenue Cloud and Platform, after a decade at Progress Software in a range of sales roles. Alongside that she was President of the Salesforce Women's Network in the Netherlands for seven years.

Since 2024 she runs her own company, Moreequality® BV. As a female entrepreneur in tech and a solo full time mother, she runs two international companies: Moreequality® and TechTogether.AI®. Today she works as fractional Business Development Director for tech and AI companies, including Cumulocity, sits on the advisory board of Frankly Solutions, speaks on stages across Europe and mentors founders and leaders.

She opens doors at C level and builds pipeline on trust instead of pressure, using a small marketing budget for maximum impact. Her network spans CIO Top Netherlands, where she is an ambassador, and the SER Topvrouwen network of 2,500 executive women.

At the core of her work is one belief: real progress comes from bridging generations, not replacing them. Twenty years of corporate tech, combined with the speed of building her own company.

CHAPTER 01

Fractional Business Development Director

Your go to market partner for tech and AI, one day a week

WHAT THIS SERVICE IS

Most tech and AI companies need senior go to market leadership long before they need, or can afford, a full time hire. As your fractional Business Development Director I build and run the go to market engine for your business: customer profile, messaging, outreach, communities and pipeline, backed by twenty years of enterprise tech sales and a network that opens doors from day one.

I work one day a week for you, spread over the week. That rhythm keeps the momentum going: an introduction on Monday, a trade fair on Wednesday, a customer meeting with your account executive on Friday.

WHY WORK WITH ME

Most consultants hand you a plan and leave. I stay in the work. I write the outreach, make the introductions, visit the trade fairs, bring CIOs and executive women together around your story, and sit next to your team in the customer meeting.

WHAT I DO FOR YOU

- **Hunting**: one to one outreach to your ideal customers, personal and research driven, never mass email
- **Warm introductions** through CIO Top, SER Topvrouwen and twenty years of C level relationships
- **Events and trade fairs**: I represent you, meet people and grow your database
- **Communities**: masterclasses and executive dinners where real conversations happen
- **Team coaching**: I guide your sales team, join customer meetings and introduce them to the right people
- **Reporting**: a monthly, board ready review of what happened and why

Pipeline built on trust, not pressure. Word of mouth is still the best sales methodology there is.

Through the eyes of the customer

Six steps, one day a week, in a cycle that keeps feeding your pipeline

01 Onboard
I get to know your company, products, CRM and team. One to one with every account executive, so I know exactly where I can help.

02 ICP & Tiering
Your ideal customer profile and personas, tiered 1 to 3. Annual reports scanned with AI for buying signals. Existing customers, closed lost deals and renewals included.

03 Messaging
The pain of your customer in their own words. Warm opening, rational drowning, a new way with you as the guide. Tailored per audience.

04 Visibility
Videos, my newsletter to 1,500 readers, LinkedIn with 11K+ followers and a C level questionnaire that puts your name on the table.

05 Communities & Executive Moments
Masterclasses, executive dinners, trade fairs and company visits. I bring CIOs and executive women together around your story.

06 Convert & Handover
First meetings, joined together with your account executive, then a clean handover. A monthly review feeds the next round.

CHAPTER 02

Advisory Board Services

Strategic insight and an international network, at the boardroom table

WHAT THIS SERVICE IS

Tech boards need more than a financial or legal view. They need someone who has built and led go to market organisations, and who understands how AI, generational change and shifting markets are changing the game. As an advisory board member I bring that operating experience into the boardroom, together with an international network built across Salesforce, Meta, Cisco, Allianz Technologies and the US and Dutch Embassies.

WHY WORK WITH ME

I have sat on both sides of the table: as a corporate executive leading regional sales, and as a founder building my own companies. I ask the questions an operator asks, I bring a challenger mindset, and I bring a network alongside the advice. I completed the Non Executive Board Program at TIAS.

World Bank, Washington D.C.

YOU WALK AWAY WITH

- A trusted sparring partner in every board meeting
- Direct access to an international tech and C level network
- Sharper strategic decisions, tested by an operator
- More credibility with investors and partners

WHAT YOU CAN EXPECT

- Quarterly board sessions with clear follow up actions
- Sparring between meetings for time sensitive decisions
- Network introductions within days, not months
- An outside view that keeps strategy honest

DURATION & INVESTMENT

- Supervisory and advisory board services: €15,000 per year (60 hours a year, on average 5 hours per month)

All pricing excludes travel time, travel costs and tax.

CHAPTER 03

Keynote Speaking

Keynote, chairperson, panel host or guest on growth, technology and AI

WHAT THIS SERVICE IS

Audiences want a speaker who has lived what she talks about. On stage I bring growth, innovation, technology and AI together with a big dose of nostalgia, tailored to your audience and format. Topics include Nostalgia & Technology, How to Be F**king Amazing, Leadership & Personal Branding, Resilience & Innovation and AI Adoption Across Generations.

WHY WORK WITH ME

I combine boardroom authority with warmth and energy. People do not just hear a talk, they leave with a clear perspective they can act on the next morning. I have spoken for INSEAD, AMCS, Qualogy, Salesforce, Cisco, Allianz Technologies, Workday, META and the Professional Women's Network.

Salesforce stage

- Panel participant: €500
- Panel host: €1,500
- Specific pricing applies for online engagements

All pricing excludes travel time, travel costs and tax.

CHAPTER 04

How to Be F*cking Amazing

Mentorship for founders and leaders who are ready to own their story

WHAT THIS SERVICE IS

Many talented founders and leaders are held back not by a lack of skill, but by a lack of confidence and clarity about their own story. This programme is built on a simple idea: growth starts with owning your confidence and rewriting your own narrative. It is practical, direct and built around real homework, not motivational slogans.

It runs as a 6 week or 12 week track, or as a monthly subscription for continued support.

WHY WORK WITH ME

I mentor from experience, not theory. I have led regional sales teams at board level and built my own company from zero. I know what it feels like to doubt yourself in a room full of senior people, and I know what it takes to walk into that room differently.

YOU WALK AWAY WITH

- A clear, confident personal story and unique selling point
- Practical tools for networking and personal branding
- A structured path from doubt to ownership
- Homework and reflection prompts you keep using afterwards

WHAT YOU CAN EXPECT

- Weekly or twice weekly sessions with real homework in between
- Direct, honest feedback instead of generic advice
- Support between sessions with the subscription

DURATION & INVESTMENT

- Single session: €170 per hour
- 6 week programme: €1,000 (once a week, 1 hour per session)
- 12 week programme: €1,500 (twice a week, 45 and 30 minutes per session)
- Subscription (1 hour per month plus WhatsApp support): €150 per month, €750 for 6 months or €1,500 for 12 months

All pricing excludes travel time, travel costs and tax.

Let's talk.
